

ADVANCED INDUSTRIAL

- ◆ **(1) HAAS VF2SS High Speed Machining Center**
30hp Vector Dual Drive, 12,000 RPM Spindle, High Speed Rapids, Renishaw Probe System, 24 position High Speed Tool Changer and High Intensity LED Lighting. This Machine is equipped with a 4th axis.
- ◆ **(2) HAAS SMINIMILL2 High Speed Machining Center**
Specifically designed for high speed machining of small parts out of Plastics and Aluminum. 10,000 RPM Spindle, High Speed Rapids, and a 24 position High Speed Tool Changer. Both machines are equipped with a 4th axis.
- ◆ **(1) HAAS VF2 Vertical Machining Center**
30hp Vector Dual Drive, 10,000 RPM Spindle, High Speed Rapids, 24 position High Speed Tool Changer, High Pressure Flood Coolant system, High Intensity Lighting and Rigid Tapping.
- ◆ **(1) HAAS ST10 High Performance Turning Center**
6,000 RPM Spindle, 1,200 IPM Rapids, Automatic Tool Pre-setter, 12 Station BOT Turret, 14x14 Capacity and Tailstock with Hydraulic Quill.
- ◆ **(1) HAAS ST10 High Performance Turning Center**
6,000 RPM Spindle, 1,200 IPM Rapids, Automatic Tool Pre-setter, 12 Station BOT Turret, 14x14 Capacity and High Pressure Coolant System.

MATERIALS MACHINED

Acetal • Delrin • Nylon • Teflon
 Ertalyte PET • Ultem 1000 • Ultem 2300
 PEEK 450G • PEEK GF30 • PEEK CA30
 PEEK 5025 • PEEK 5030 • PEEK 5035
 Torlon • Vespel • PPS • Polysulfone
 Stainless Steel • Aluminum • Tool Steel
 Copper • Brass • Bronze • Steel

INDUSTRIES SERVED

Analytical Instrumentation
 PHARMA R&D & Processing Equipment
 Energy Exploration • Defense Industry
 Electron Microscope Accessories
 Automated Canning and Bottling
 Actuator and Pump Components
 Custom Bearing and Wear Components
